EDUCATION

Bachelor of Technology in Computer Science, GLA University, Mathura, 7.4	June 2025
Intermediate, Saraswati Vidya Mandir, Mathura, 79%	May 2021
High School, Saraswati Vidya Mandir, Mathura, 89%	May 2019

INTERNSHIP/ TRAINING EXPERIENCE

Database Management Trainee	Jun 2023 – Jul 2023
<i>Job-Oriented Value-Added Course, GLA University, Mathura</i>	
<ul style="list-style-type: none">Learn advanced MongoDB querying techniques and CRUD operations.Designed and optimized databases for multiple course projects.Implemented database management principles in real-world scenarios.	

PROJECTS

Feedback Testimonial : Live Code	Sep 2024 – Nov 2024
<ul style="list-style-type: none">Tech stack - ReactJS, Redux, TypeScript, Node.js, PostgreSQL, Prisma, Redis, Docker.Developed a platform to collect, manage, and showcase customer testimonials and reviews.Allows easily gather feedback from their clients, and display them on their websites.Optimized the feedback process, enabling faster integration and reducing manual effort by 35%.Automated backend deployment via Docker images, GitHub Actions, Docker Hub, and EC2 SSH.	
Shop Mart : Code	Jun 2024 – Jul 2024
<ul style="list-style-type: none">Tech stack - ReactJS, Typescript, Node.js, MongoDB, Docker.Architected a scalable e-commerce platform for seamless online shopping experiences.Established a robust role-based access control system for both customers and admins.Integrated GoAPI, Biteship, and Xendit APIs for enhanced functionality.	
Note Maker : Code	Jan 2024 – Mar 2024
<ul style="list-style-type: none">Tech stack - ReactJS, Redux, TypeScript, Express.js, MongoDB, JWT.A platform allow users to effortlessly create, modify, and organize their notes.Integrated Access token and Refresh token rotation for secure user access.Enhanced data retrieval speed by 35% using RTK-Query, improving load times.	

SKILLS

Programming Language -- Java, Typescript/JavaScript.

Framework & Library -- ReactJs, NodeJs, Redux, PostgreSql, Prisma, Redis, Tanstack Query.

other -- Git, CI/CD, Docker, Linux.

Professional -- Best Practices in Code Quality, Skilled Debugger, Problem Solving, Effective Communication Skills.

PROFESSIONAL ACHIEVEMENTS/ INSIGHTS

- Deployed Multiple Backend in docker container on AWS using CI/CD pipeline.
- Automate Project Deployment using GitHub actions.
- Containerized applications using Docker to optimize project startup time.

DECLARATION

I hereby declare that all the above mentioned information is true and correct to the best of my knowledge.
